Dear Sir:

Please forward new regulations, effective on June 1, 1978, pertaining to mineral exploration and mining activities.

In "State of Utah Rules and Regulations Governing the Issuance of Mineral Leases." page 1, the statement is made that all exploration and production activities on State of Utah mineral leases are governed by the Division's Exploration Memorandum and Mining Memorandum etc. I would like to receive copies of these memorandums.

[Handwritten star symbol]
Also, in a notice to all operators attention was directed to a new mining plan Rule M-10 and a new guideline document which details acceptable methods for complying with Rule M-3(5). Please send me copies of these materials. (2)

I would appreciate receiving two (2) copies of each of the above requested regulations etc. for our company files.

Sincerely,

S.S. Comstock
